

CARE TODAY AND CONNECT TOMORROW

Compositive Primary's Friends Giving Initiative

Help us build a tradition
to strengthen our community
and sustain our future!

Why We Are Asking For Your Support?

We are seeking to build support for our operations from the generosity of community supporters and families and friends within the Compositive community. Concurrently, we are also applying for grants. All of these funding sources contribute to current-year operating expenses, which allow us to keep our school fee low and provide broad accessibility. We are striving for 100% participation because it is very important to grantors. We are happy to report 100% of our board members have given. Every gift matters regardless of the amount. Gifts to Compositive Primary are tax deductible.

Your Gift Could Support Expenses Such As . . .
